

HOW TO FIND US
AND
WHERE TO PARK

From the South, pass number 19, turn right into Grinstead park entrance, and use the car park to u-turn. Exit car park to the left and turn left into the easement immediately after the lights. From the North, just come down Shand St, then enter the easement immediately after the lights.

The building is marked in red on the map – it is a white house with brick front fence and low paling fence to the side, along the easement. Entrance is through the side gate, up the steps to the grey porch and through the red door.

Parking is marked in blue on the map – at the side of the easement by the creek, rear of number 17, or behind the Scout den. Please take care not to block access points.
